

NORTON

SAINT-GOBAIN ABRASIVES

Concrete & Asphalt ► **CSB1 P20**

A high performance machine propelled by a 20 HP Honda petrol engine. Fitted with a 600 mm Norton diamond blade, which is capable of cutting to a depth of 225 mm. The CSB1 P20 is only 512 mm in width, allowing the contractor to

precision cut in the tightest of situations. The CSB1 P20 comes complete with electric start, blade hydraulic raise and lower, integral 40 litre water tank and hydrostatic forward and reverse propulsion.

clipper

Concrete & Asphalt ▶ CSB1 P20

Features

The Clipper CSB1 P20 complements the range of floor saws from Norton Clipper.

Operation

Developed from Norton's vast experience, utilising high grade materials, computer-aided design technology and rigid manufacturing quality and control procedures, the CSB1 P20 offers long-term reliability and high return on investment.

Outstanding

- ▶ Hydraulic raise and lower system, hand pump and release/lower valve.
- ▶ Easy to service 4 v-belt drive.
- ▶ Integral 40 l water tank, with external water supply connection.
- ▶ Optimal weight distribution resulting in outstanding cutting performance.
- ▶ One piece blade guard, with detachable water supply fittings.
- ▶ Electric start.
- ▶ All necessary tools supplied and stored in retaining clips.
- ▶ Built in lifting eye at centre of gravity
- ▶ Sealed heavy duty wheel bearings.
- ▶ Heavy-duty jig welded steel frame.
- ▶ Made in CEE

Hydraulic raise and lower system.

Quick access for blade changing.

Performance

When used with Norton's proven range of wet cutting diamond blades for asphalt or concrete materials, the CSB1 P20 offers optimum results in all trench sawing, highway and runway repair, cable-loop cutting application, under all site conditions.

Specifications

Model

Petrol Honda GX620	15 kW (20 HP)
Electric Start	

Characteristics

Max. blade diameter ø	600 mm
Max. depth of cut	220 mm
Bore size	25,4 mm
Blade shaft speed	2250 min ⁻¹
V-Belts	4
Water capacity	40 L
Sound pressure	88 dB(A)
Sound power	107 dB(A)

Dimensions / Weight

Length (working)	1160 mm
Length (transport)	870 mm
Width	512 mm
Height	990 mm
Weight	233 kg

Control panel and the easy access for water supply.

Complete and comprehensive range of diamond blades.
